ASX Announcement

11 May 2011

New Website

Resource Mining Corporation (ASX:RMI) has launched a new website to better communicate with stakeholders and investors.

The website reflects a new vision and corporate strategy for the company.

“The website will better communicate the vision, mission, values, corporate strategy and project milestones to our stakeholders and is a tangible commitment to be better at letting people know who we are and what we do,” said Resource Mining Corporation Managing Director Warwick Davies.

The strategic intent of Resource Mining Corporation is to establish a long term business model based on mineral development delivering consistent shareholder value whilst operating in a sustainable way within the community and environment in which it operates. “The website is an important step in raising our profile, especially amongst the investment and stock broking community” said Mr Davies.

The website includes share price updates and an investor newsletter.

“Our aim is to grow and expand revenue opportunities and improve cost structures by creating and generating new business and investing in online communication strategies will help achieve this goal,” said Mr Davies.

The website can be found at www.resmin.com.au/ and current and potential investors can subscribe to a new newsletter called *TokTok*.

“TokTok means to talk or have a conversation in the local dialect in Papua New Guinea and our aim is to ensure we regularly communicate with all our stakeholders about who we are and what we’re doing,” said Mr Davies.

About Resource Mining Corporation Limited: A Perth-based specialist mineral exploration company creating wealth from mineral commodities using innovative technical, marketing and financial skills as it explores for economic metal deposits in Australia and Papua New Guinea. The company has a strong commitment to sustainable development and aims to realize world class mineral opportunities through science-based innovation, expert environmental analysis and best practice community stakeholder engagement.
